INTERNAL BEAUTY & HEALTH

At blush we believe in a 360 approach to skincare.

Your skin is a reflection of your life. It reflects the quality of your diet, lifestyle and wellbeing. What you apply topically is important, but true skin transformation is only possible when we work from within.

Bestow Beauty Oil Range

Bestow Beauty Oil moisturises your skin from the inside out by feeding the skin cell at the deepest layer of the epidermis. As this cell progresses to the upper layers of the skin it releases its beautiful oils creating plump, supple, smooth, glowing skin.

Bestow Beauty Oil helps prevent skin congestion and spotty break-outs. It can even dissolve existing blockages caused by sticky, irritating sebum. This special oil blend improves the quality of skin sebum from deep within so that it provides a healing, anti-inflammatory, protective outer layer for your skin, keeping it youthful and vital.

Beauty Plus Oil

Organic cold pressed flaxseed, safflower oil, hemp, coconut, evening primrose and blackcurrant seed oils.

Bestow Beauty Plus Oil is a booster version of Bestow Beauty Oil, providing extra nutritional support during times of stress or ill health.

Bestow Beauty Oil supplies us with primary essential fatty acids, the first fatty acids in the Omega 3 and Omega 6 chain. In some circumstances (nutritional deficiencies, ill health and stress) a road block can occur in our bodies, stopping us converting the primary EFA's into secondary EFA's.

Beauty Oil

Ingredients: Cold Pressed, unrefined, extra virgin, certified organic seed oils; flax (61%). Safflower oil. Essential Fatty Acids (EFA'S) deficiency is one of the most common causes of skin problems. Because EFA's are responsible for oil regulation, a deficiency can present as either oily or dry skin and will contribute to premature ageing. Bestow Beauty Oil is rich in Essential Fatty Acids (EFA's) which bestow health and radiance from deep within the skin's layers.

Bestow Collagen Boost Powder

Ingredients: Bestow Collagen Boost powder is a concentrated, collagen dietary supplement. Each 7g serve contains:

- Hydrolysed collagen peptides 5gms
- Vitamin C 250 mg
- Zinc 6mg
- Raspberry juice powder 1724mg
- Monk-fruit

Also contains: Tapioca maltodextrin

Bestow Collagen Boost Powder with added Vitamin C and Zinc slows down the visible signs of skin ageing. It boosts skin elasticity, plumps out wrinkles and promotes younger-looking skin.

Collagen powder gives your skin a head-start on collagen production.

The body builds collagen to keep skin plump and supple. The building blocks for making collagen come from your diet. Most people don't get enough of the nutrients they need to make collagen. This powder boosts your supply of collagen building blocks in a form that is easily used by the skin.

Your skin can't make collagen without zinc. Most people in Australia & New Zealand are zinc deficient. Bestow Collagen Boost contains 6gms of zinc per serving, which provides 80% of your RDI.

Vitamin C is vital. Your skin needs it to make strong collagen. This powder provides more than double your minimum daily requirement of vitamin C.

Bestow Beauty Powder

Ingredients: Certified organic cold pressed flaxseed, pumpkin and coconut flour, uncertified blackcurrant extract, certified organic spirulina and kelp, uncertified alfalfa leaf and certified organic wheat leaf.

Bestow Beauty Powder is a practical and powerful way of addressing nutritional deficiencies which undermine our skin health. Bestow Beauty Powder provides the nutritional building blocks your skin needs for healthy functioning and to produce good quality collagen and elastin. Nutrients supplied through super-food sources are easily absorbed by the body.

Bestow Gut Love+

Ingredients: Certified Organic, Cold Pressed Flax Seed Flour, Sunflower Seeds And Almonds, Uncertified Slippery Elm, Blackcurrant Extract, Citrus Pectin, Guar Gum, Liquorice Root, L-Glutamine, Organic Sulphur, Ginger, Uncertified Vitamin D Yeast, Biohm Probiotic.

Bestow Gut Love+ is a world-class synbiotic powder, including probiotics, prebiotics and digestive enzymes to restore the gut and renew skin from within. Rich in fibre, it promotes regular elimination of toxins, creating the inner environment for clear, glowing skin.

Bestow Berry Beautiful

Ingredients: Certified organic chia seed flour, freeze dried blackcurrants, uncertified kelp powder, freeze dried camu camu, black doris plum powder, blueberry powder, nutradry, pomegranate powder, freeze dried certified organic acai, stevia leaf.

Bestow Berry Beautiful helps us to win the fight against premature ageing caused by free radicals. We come into contact with these unstable compounds every day through radiation from technology, fumes from our cars and even from sun exposure. These little nasties erode health, break down collagen, damage and prematurely age the skin.

Generositea

Organic lemongrass, peppermint, cinnamon & hibiscus

Has a beautiful rose colour and gentle flavour. Each time you take a sip of 'Generositea' you will be reminded that you are part of a sisterhood of women who are supporting the well-being of vulnerable Cambodian girls.

Puritea

100% organic turmeric, ginger, lemongrass & cinnamon

TURMERIC aids your liver's natural purification processes, helping your skin to become clearer and brighter.

GINGER lowers blood sugar levels and has anti-inflammatory properties.

Eternitea

100% organic hibiscus and cinnamon.

HIBISCUS contains more antioxidants than any other tea, which helps combat the ageing effects of free radicals on your skin.

CINNAMON helps to stabilise blood sugar which in turn prevents collagen from breaking down.

We are making a green change for your next skin or beauty service.

Sustainable Salons empowers us to charge each client a small \$3 green fee on their total service bill in order to implement the Sustainable Salons program (where 95% of the waste produced during the client's service is collected and recycled, and the proceeds are donated to community programs including OzHarvest and go towards R&D to find more repurposing and recycling options for salon waste materials).

This structure educates clients, and calls for them to take responsibility for their choice to have a salon service and the footprint that will leave on the planet
